echo360 Innovation Academy
build your future

In a world where innovation is key, young entrepreneurs need more than just ideas—they need the right tools, guidance, and hands-on experience to bring their visions to life. echo360 is designed specifically for ambitious individuals ready to take the leap and build successful startups. Our program bridges the gap between ambition and execution, giving you everything you need to launch and grow your business with confidence.

About echo360

echo360, part of Ben-Gurion University, is a leader in entrepreneurship education, deeply rooted in Israel's Startup Nation ethos. We empower young entrepreneurs with top-tier resources, expert mentorship, and transformative programs to turn ideas into successful ventures.

Course Objective

Our online course is crafted for young entrepreneurs ready to build and launch their first startup. We focus on nurturing entrepreneurial mindsets, developing leadership qualities, and providing the practical skills needed to thrive in the startup ecosystem. With expert-led sessions and personalized mentorship, participants will be equipped to turn their ideas into viable businesses.

Course Structure

- 12 Online Sessions: Each is 3 hours long, offering theory and hands-on practice.
- Final Event: Participants will present their startups and pitch to real investors.
- Mentorship: Continuous guidance from experienced entrepreneurs.

Outcomes

- Gain essential entrepreneurial and leadership skills.
- Build a strong network of peers, mentors, and entrepreneurs.
- Successfully pitch your startup idea with the investment potential.

Pricing

$2000 per participant - Special pricing for BOLD Leaders participants.
